## CLS partners with Vizada for satellite data

CLS, prime contractor for European LRIT ASP, is pleased to work with Vizada as preferred communication services provider (CSP). Vizada delivers Inmarsat-C data to CLS for further processing, within the LRIT international regulatory context.

Since 2007, CLS is the prime contractor for European LRIT ASP, providing LRIT services directly to EMSA, a contract that was renewed in 2011 for at least three years. Among other references, CLS is also the U.S. Coast Guard LRIT ASP. CLS monitors 1/3 of the world's maritime traffic.
